

SRISHALINI MUTHUKUMAR MUTHUKUMAR

B.E. - Information Technology

Ph: +91-9923869458

Email: shalinimuthukumar.it.sit@gmail.com

Lonavla, Maharashtra, India - 410401

EDUCATION

Sinhgad Institute of Technology B.E. - Information Technology CGPA: 7.89 / 10	2023 - 2027
Don Bosco Junior College, Lonavla 12 th MSBSHSE Percentage: 59 / 100	2022
Auxilium Convent High School, Lonavla 10 th MSBSHSE Percentage: 79.40 / 100	2021

PROFESSIONAL EXPERIENCE

Sahara India Group | Hotels / Restaurant | Software 01 Jan, 2026 - 31 Aug, 2026

Software Developer

Key Skills:

.Net Python Docker Git C++ Javascript Java MySQL SQL Server SQL Server Management Studio
ReactJS

Developed and tested the EC Portal, a secure web application giving 700+ residents authenticated access to billing records, using ASP.NET (MVC), C#, HTML5, CSS3, and JavaScript, with a responsive, user-friendly UI.

Built automated test suites to validate live SQL Server transactions and API data flow between front end and back end, reducing invoice-generation errors by 15%.

Collaborated with cross-functional teams in an Agile environment to design, deploy, and cross-browser test NDC and water statement modules, covering edge cases, form validation, and UAT.

Integrated front-end interfaces with back-end services and local server infrastructure, troubleshooting hardware-software issues to keep the portal available and performing reliably.

INTERNSHIPS

Corizo Edutech | Education 01 Dec, 2024 - 01 Feb, 2025

Data Scientist

Built foundational Data Science skills, including data exploration, data visualization, and predictive modeling on real-world datasets.

Implemented Machine Learning algorithms (regression, classification, and clustering) and evaluated model performance.

Performed data analysis and created visualizations using Python, Pandas, NumPy, Matplotlib, and Seaborn to communicate insights clearly.

Used Jupyter Notebook, Google Colab, and Git/GitHub for version control and collaborative development.

PROJECTS

MobilePe 10 Jul, 2026 - 28 Aug, 2026

Team Size: 1

Key Skills: React, HTML, CSS, JavaScript, SQL Server (SSMS), 11za WhatsApp API, IDS Billing Software, Git, GitHub.

Project Link: <https://webapp.aambyvalleyltd.org/Mobilepe/>

MobilePE is a cashless wallet system built for guests visiting Aamby Valley City. Guests deposit cash at the reception, a digital wallet is created against their phone number, and every purchase across the property is deducted from it automatically. After each transaction, a WhatsApp message is sent showing the amount spent and the remaining balance.

Role and work done:

- Built the React frontend for the wallet system.
- Integrated 11za to send real-time WhatsApp notifications for every transaction with the spend amount and balance.
- Fetched billing data from the IDS billing software used by Aamby Valley City and used it to track each guest's spending accurately, with the phone number as the unique identifier.
- Supported the refund flow, so any remaining balance was returned safely at the end of the guest's stay.

Outcome: Promoted cashless payments across the city, removing the anxiety of carrying and handling cash and making the guest experience hassle-free.

Team Size: 2

Project Link: <https://ecportal.aambyvalley.com/otp?cpid=MTcyMQ>

Built an EC portal that enables users to securely access and download city maintenance and water invoices using their CPID.

- Developed comprehensive test cases and test plans to ensure secure online bank payments and NDC invoice reliability.
- Integrated Generative AI APIs to automate user support queries and invoice data summarization for the portal dashboard.

ASSESSMENTS / CERTIFICATIONS

Cognizant technoverse hackathon

Provider: Cognizant

Getting Started with AI on Jetson Nano

Provider: NVIDIA

Building with the Claude API

Provider: Anthropic

McKinsey.org Forward Program

Provider: McKinsey & Company

PERSONAL DETAILS

Gender: Female

Marital Status: Single

Current Address: Flat No 3,Lalitaj Apartment, Bhangarwadi,
Maharashtra Lonavala 410401, Lonavla, Maharashtra, India -
